What is EuRuKo?

EuRuKo (European Ruby Konferenz) is the largest and longest running annual Ruby conference in Europe that brings you all the good news about Ruby and its friends. Every year it takes place in a different European city, the location being chosen by participants.

Facts about EuRuKo

- ~700 in-person participants expected from Europe and elsewhere (plus virtual attendees from all over the world)
- Will be a three day, possibly multi-track conference in 2024
- Well established in the community; it has been held since 2003 in Amsterdam, Athens, Barcelona, Berlin, Budapest, Karlsruhe, Krakow, Munich, Prague, Rotterdam, Salzburg, Sofia, Helsinki, Vilnius and Vienna
- Some of the very best speakers from the Ruby community
- All talks will be streamed live, recorded, and published afterwards

Keep EuRuKo affordable

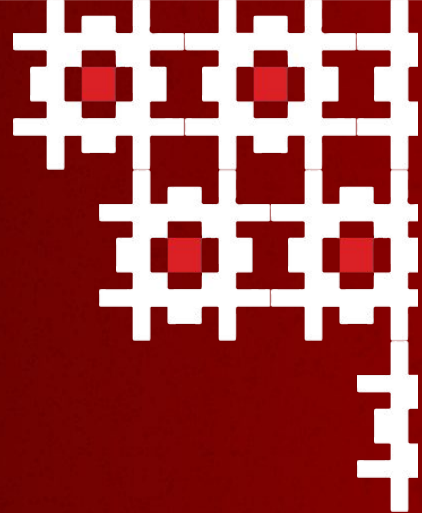

There's a long tradition to keep EuRuKo tickets as affordable as possible to offer everyone the opportunity to attend and sponsors are an essential part of this.

Good for your company, good for the community

Sponsoring EuRuKo gets you the opportunity to reach an international group of talented and passionate developers. EuRuKo is the biggest gathering of Ruby enthusiasts in Europe and one of the biggest in the world.

Are you looking to hire Ruby (and not just Ruby!) developers in your company or initiative? Then you've probably looked into hiring a headhunter to find you the talent that you need. And you saw how much it costs. Most headhunters are looking for half a years' salary! By sponsoring EuRuKo, you're not only investing a fraction of the price of a headhunter, but you're getting to meet enthusiastic developers in the flesh, and by the numbers!

The above goes without saying how you'd contribute to a lively Ruby community from around Europe (and the world)!
